

The Anaphylaxis campaign
Helping people with severe allergies live their lives

Managing Severely Allergic Pupils in Schools (AllergyWise) – Your opportunity to purchase our revised DVD

As a response to the release of the new higher dose adrenaline injector, in October 2009, The Anaphylaxis Campaign have revised the content of the DVD which accompanies our training resource pack for school nurses on Managing Severely Allergic Pupils in Schools. Accompanying acetates have not been reproduced. If you take the opportunity to purchase the revised DVD you can then print off your own handouts as appropriate. The remainder of the pack remains unaffected.

Copies of the revised DVD can be obtained at £5 each (including VAT and postage and packing) by sending a cheque to The Anaphylaxis Campaign or by telephoning 01252 546100 and paying by credit card.

If you are due to attend or have attended our AllergyWise training sessions on or after 1 September 2009 please contact our offices before filling in this form.

The changes will be announced on our website but should you require further information please do not hesitate to contact the Campaign.
