

Fundraising ideas for the office

Promises day

Ask colleagues to come up with a promise - how about getting your boss to wear fancy dress, or promising to make teas and coffees for the team for the day, or do a job swap for one day only?! Auction the promises at a team meeting or over the company intranet.

Cake sale

Whether it's in the main reception, or in a small office, bring along some allergy-friendly homemade cakes and sell them for a donation to your colleagues and visitors, and why not incorporate a raffle to boost your donations! Remember to list ingredients for each treat to make your event allergy-safe.

Sweepstakes

Whether it's Strictly Come Dancing, the Grand National or even the World Cup, why not do a sweepstake between colleagues, and share the winnings with our charity?

Team building day

Whether its hosting a staff quiz night and include an allergy round, or something more challenging like running a marathon together, work together to achieve fundraising and awareness for our charity.
